Executive Summary

MERN Full Stack Developer with hands-on experience building responsive web applications using **JavaScript, React.js, Node.js, Express.js, MongoDB, HTML5, CSS3, and Tailwind CSS**. Skilled in developing **reusable components, RESTful APIs, CRUD operations, database integration, debugging, and application deployment**. **Certified in MERN Full Stack Development** with practical experience using **Git and GitHub. Strong communication, problem-solving,** adaptability, and willingness to learn, seeking to contribute to real-world software projects as a Full Stack Developer.

Education

Bachelor of Science in Computer Science **Oct 2021 – May 2024**
Annai Therasa Arts & Science College — University of Madras *Chennai, Tamil Nadu*

Projects

BulkMail - MERN Web Application | Live Link **January 2025**

- Developed a full-stack web application using **React.js, JavaScript, Node.js, Express.js, and MongoDB** for Excel-based bulk email processing.
- Integrated **RESTful APIs**, request validation, structured error handling, and backend routing to support reliable frontend-backend communication.
- Used **Axios** for API integration, **xlsx** for Excel file parsing, and **Nodemailer** for automated email workflows.
- Applied **Git/GitHub**, debugging, API troubleshooting, and **Vercel/Render** deployment during development.

Udemy Clone - React Web Application | Live Link **November 2025**

- Developed a responsive e-learning web application using **React.js, JavaScript, HTML5, CSS3, and Flexbox**, implementing **reusable components** and structured UI architecture.
- Implemented course listing, navigation flows, and dynamic rendering using **React Hooks and component-based development**, strengthening practical frontend development skills.
- Optimized responsive layouts across multiple screen sizes using **CSS Flexbox** and modern styling techniques, improving UI consistency, usability, and **cross-device compatibility**.
- Improved component structure and rendering logic through **frontend debugging and performance optimization**, gaining hands-on experience in **React development and responsive web design**.

Technical Skills

Programming Languages: JavaScript, Java, HTML5, CSS3, SQL (Basic)
Frontend: React.js, HTML5, CSS3, Tailwind CSS, Responsive UI
Backend: Node.js, Express.js, RESTful APIs, Axios, CRUD Operations
Database: MongoDB, MySQL (Basic Queries, CRUD)
Tools: Git, GitHub, Postman, VS Code
Tools & Deployment: Git, GitHub, Postman, VS Code, IntelliJ IDEA, Vercel, Render
Development Practices: API Integration, Debugging, Error Handling, Reusable Components, Problem-Solving

Soft Skills

Communication, Analytical Thinking, Problem-Solving, Debugging, Attention to Detail, Data Validation, Technical Documentation, Willingness to Learn

Certifications

MERN Full Stack Development - Error Makes Clever Academy **Sep 2024**
Technologies: *HTML, CSS, JavaScript, ReactJS, NodeJS, ExpressJS, MongoDB, Postman, Git, and GitHub*

Introduction to Soft Skills - TCS iON **Nov 2024**
Coursework: *Soft Skills Fundamentals, Professional Development, Communication, Hard & Soft Skills*
